

2023 ANNUAL REPORT

A WORD FROM OUR EXECUTIVE DIRECTOR

The work that our wonderful nursing staff does day in and day out to serve the pregnant patients of Central Iowa inspires me. They truly are the lifeblood of our ministry. As someone on our team says: "not all superheros wear capes; some wear scrubs." This past year has been a challenge: from a shift in patient demographics to more homeless pregnant mothers to a meteoric rise in Hispanic patients and even some HR changes, we embrace what God gives us and knows that our mission comes from Him who sustains us. We thank you for joining us on this journey of empowering women and saving babies, and look forward to what He has in store in 2024!

Theresa Welch

YEAR BY THE NUMBERS

2023

MISSION STATEMENT

InnerVisions HealthCare is a faith-based provider of free and compassionate medical care services, education, resources and support for women and their families facing crisis pregnancies, empowering themselves to make life-affirming decisions.

MEDICAL SERVICES WE OFFER

- Pregnancy Testing
- Limited Obstetrical Ultrasound
- STD Risk Assessments, Testing, Diagnosis, and Treatment
- Information - Abortion: Procedures, Risks, and Side Effects
- Referrals for OB Care & Social Services, Adoption Services
- Support and Care for Patients in Many Other Ways

THE WORDS

of our patients

"The ultrasound was a big eye opener. It definitely did not feel real before this."

-A.

"I saw that the baby was healthy and doing great. Made me happy."

-W.

"It made you realize how a baby this small is just as important as a born child."

-S.
